This form is made under the regulation of SJ/T 11364

※ : Circuit Board Assemblies include the spare parts which make up a whole PCB, such as resistor, capacitor, integrated circuit, connectors, etc.

○ : Indicates that the concentration of the hazardous substance in all homogeneous materials in the parts is below the relevant threshold of the GB/T26572 standard.

× : Indicates that the concentration of the hazardous substance of at least one of all homogeneous materials in the parts is above the relevant threshold of the GB/T26572 standard.

Notes of environment-friendly lifetime

Lifetime of this electrical and electronic products, if operated as set forth in the manual, with the hazardous substance or element not to emit, neither to pollute the environment nor to cause harm to person or property, is limited to 10 years.
PRODUCT SPECIFICATIONS

Product Name : Deluxe Multi-function Massage Chair
Model Number : RT7900
Rated Voltage : 220V~
Rated Frequency : 50Hz
Rated Power : 180W
Safety Design : Class I

SAFETY INFORMATION

Safety Information

Read all warnings carefully before use.
Precautions and warnings listed below will help to ensure proper use of this appliance.
The classes of accidents caused by incorrect use are classified into “WARNING” and “CAUTION”. Read all warnings below and follow all instructions within this manual.

Not Suitable For Below Persons

We recommend that those with any of the following conditions should consult your physician before using.

- Those who are using electronic medical instrument embedded in the body, such as cardiac pacemaker.
- Those undergoing treatment, especially those who are not feeling well.
- Those with malignant tumors or malignant abscesses.(Need to be supervised)
- Women who are pregnant or menstruating.
- Those with osteoporosis or fracture spine.
- Those with skin disease or those whose skin is injured.
- Those with high fever.
- Close supervision is necessary when this product is used by, on, or near children, invalids, or disabled persons.

Controller Precautions

- Do not operate the controller or pull the controller cable with damp hand.
- Do not spill water or other liquid onto the controller to avoid fault.
- Do not lay heavy staff on the controller.

Cautions Regarding The Ac Adapters And Ac Cord

- Check that the power voltage stated on the rating label corresponds to your local electricity supply.
- Do not use a damp hand to unplug the AC cord to avoid electric shock.
- Do not pull on the AC cord, reach to the front end to unplug it.
- Do not squeeze the AC cord by the appliance or other heavy objects.
- Do not damage, over bend, pull hard, twist or tie the power cord.
- If the power cord is damaged, it must be replaced by the manufacturer or its service agent or a similarly qualified person in order to avoid a hazard.
SAFETY INFORMATION

Best Circumstances

- Do not use this appliance where temperature is over 40°C.
- Do not use this appliance in humid or dusty environment, or when any part of the body is in contact with plumbing or any similar ground. Keep the air openings free of lint, hair, and the like.
- Unplug from outlet during thunder or lightening storms, and before putting on or taking off parts.
- Do not use outdoors.
- Do not place the product on the flat level floor.
- Do not store near heat or open flame.

CAUTION

Best Practices For Safe Use

- Only for users weighs below 120kg.
- Use this product only for its intended use as described in this manual.
- Do not use the product for therapeutic treatment purpose.
- Appliance should only be used by one person, do not use by two or more persons at the same time to avoid damage to the products.
- Do not use the product right after meal, it may cause discomfort.
- Remove the accessories from the arms and empty the pockets while using the massage services.
- Check the upholstery under the cushions and other spots, if any damages are present, do not use it and refer to a qualified service professional for servicing.
- If you feel any abnormal discomfort during the operation of this product, turn off the power immediately and do not use the product.
- Using the appliance for 20 minutes each time is highly recommended.
- Make sure there are no obstacles behind the chair and there is enough clearance before adjusting the backrest or legrest angle.
- Make sure no other excessive load pressed on the backrest or legrest besides the user.
- Make sure there are no children, pets or other objects under the backrest or legrest.
- Please be seated properly while using the appliance.
- Do not drag or push the chair or roll on its caster on wood floor or carpet to avoid damage.

CAUTION

- Never operate this product if it has damaged/exposed parts or power leakage.
- Do not stand on or stack heavy objects on the footrest.
- Children should be supervised to ensure that they do not play with the massage chair.
- Do not fall into sleep while the product is operating.
- Avoid using the product under the influence of alcohol.
- Do not put hands or fingers in any openings of the appliance to avoid injury or damage to the appliance.
- If there is any smoke or unusual smell while using, stop using immediately, unplug the power cord.

PROHIBITED

- Do not disassemble this product yourself, to avoid failure.
- Do not dismantle, fix or modify the appliance, Please contact authorized dealer or service agent.

NO DISASSEMBLY

- Pull out the power cord from the power strips before maintenance. Never plug-in or pull out power cord with damp hand, to avoid shock or injury.
- Pull out the power cord from the power strips while not in use.
- Unplug from outlet when the power supply is cut, switch all controls to off.

UPPLUG THE POWER CORD

Tips: Do not attempt to repair this product yourself, our company shall not be liable for the injury or damage caused by any servicing without authorization.
CARE AND MAINTENANCE

Care and Maintenance Instructions

- To treat stains on back panel, armrest, footrest, plastic parts or air hose, spot clean with mild detergent foam, then wipe it with a dry cleaning cloth.
- To treat stains on controller, power box, spot clean with a dry cleaning cloth.
- To treat stains on back cushion or pillows, use a water-based upholstery cleaner only, wipe it with moist cloth, then air dry.
- To clean the foot/calf unit covers, remove it from the chair, hand wash with a mild detergent, then line dry.

Warm Tips

- To treat stains on back panel, armrest, footrest, plastic parts or air hose, spot clean with mild detergent foam, then wipe it with a dry cleaning cloth.
- To treat stains on controller, power box, spot clean with a dry cleaning cloth.
- To treat stains on back cushion or pillows, use a water-based upholstery cleaner only, wipe it with moist cloth, then air dry.
- To clean the foot/calf unit covers, remove it from the chair, hand wash with a mild detergent, then line dry.

Storage Methods

- Keep the product free from dust. Cover the product with a dust-free cloth to prevent collection of dust if not in use for a long period of time.

CAUTION

- Pull out the power cord from the power strips before care and maintenance. To avoid electrical shock or injury, do not touch the power cord with wet hands. Make sure no detergent enter into the power box while cleaning.
- Do not use benzene, thinner or other solvents on your product, it may cause fading or damage to the product.
- Do not iron the upholstery.

Warm Tips

During daily use, please check for the following symptoms:

- Burnt smell.
- The product experiences unusual power ON/OFF when touching the power cord.
- Hot power cord.
- Other abnormal symptoms.

CAUTION

- Please stop using the product to avoid breakdowns or accidents if any above symptom spotted.
- Switch off the power button and disconnect the plug, contact the local distributors or supplier for repair.
- All other servicing except above care and maintenance should be serviced by an authorized dealer or service center.

WARNING

- Pull out the power cord from the power strips before care and maintenance. To avoid electrical shock or injury, do not touch the power cord with wet hands. Do not try to dismantle or repair the product yourself, please send your massage chair to the authorized service center.

**Queen Slimming:** Adopts mild massage techniques to relax muscles in the back and waist, helping to shape body figure and promote metabolism.

PRELIMINARY CHECKS

- **Floor Protection**
  - We recommend to place a piece of carpet or soft mat underneath it to avoid damaging the floor.

- **Best Circumstances**
  - Do not use the massage chair in high moisture environment to prevent electric shock accident.
  - Please keep the massage chair away from heated surfaces to prevent fire hazard or damage to the product.

- **Grounding**
  - This product must be grounded, the plug must be plugged into an appropriate 3-wire grounded outlet that is properly installed and grounded in accordance with all local codes and ordinances to reduce risk of electrical shock.
PRELIMINARY CHECKS

Installation Site
Clearance Space for the massage chair:
- Make sure there is an adequate clearance for the massage chair installation. Please allocate a minimum 10 centimeter distance clearance for the back of the product.
- Please allocate a minimum 60 centimeter distance clearance for the front of the product.
- Keep it 1 meter away from the TV, radio or other audio & video appliance to avoid signal interference.

- Keep the distance between the power socket and power switch within 1.5 meter.

CAUTION
- Keep the distance between the power socket and power switch within 1.5 meter to avoid damage of power cord while massage chair sliding forward.
- Straighten the power cord while in use to avoid tangle or damage.
- When the massage chair sliding forwards or back, please check to make sure there are no children, pets or other obstacles around to avoid accident.

NAME AND FUNCTION OF EACH COMPONENTS

Soul Spa: Designed for morning or midday relaxing, it helps to boost the viability of muscles.
Elite Care: Choreographed massage techniques for the office elites, soothing pain and intense in the neck and shoulders.
Sports Refresh: Designed for muscles relaxation after sports activity and exercise, it helps to ease muscles tension, promote body circulation and facilitate sports recovery.
Extension: Inspired by Thai style massage, featured in extension and stretching, this program uses strong kneading and stretching technique to relax tired muscles and keep them flexible.
Rest & Sleep: Designed for improving nap and sleep quality, this program adopts gentle massage techniques to relieve body fatigue.
Working Relief: Designed for the ordinary working persons, this program helps to rejuvenate both physically and emotionally.
Neck & Shoulder: Designed to help to ease the pain and stiffness in neck and shoulders, combined with curvature design of the backrest, this program targets the rollers at the deep tissue of neck and shoulders.
Waist & Spine: Focusing the massage on the lumbar vertebra, this program helps to soothe the tension and keep the vitality of muscles.
Gentle Care: This program mainly targets at neck & shoulder, lumbar, knee and sole, delivering soothing relax by using mainly kneading, gliding, rubbing and some percussion massage techniques.
Air Soothing: Less intense relaxing massage compared with other program. With combined rhythmic up and down, left and right air pressing massage, this program is developed to ultimately relax the muscles with very soft motion.

Manual Program
Press MANUAL from MENU display, press UP or DOWN button to navigate among: MODE, PART, WIDTH, SPEED, ROLLER, ZERO GRAVITY and CALF ROLLER MASSAGE.
NAME AND FUNCTION OF EACH COMPONENTS

Massage Mode: Press MODE from MANUAL display, press RIGHT button then press UP or DOWN button to navigate among: Kneading, Tapping, Knocking, Shiatsu, Sync, Rhythm, 3D Shiatsu, Rhythmic Sync and PUSHING massage techniques. Press OK button to enter the setting you desire. Selected mode will show on the home screen.

Back Mechanism Massage Part: Press PART from MANUAL display, press RIGHT button then press UP or DOWN button to navigate among: Whole, Partial and point massage zones. Press OK button to enter the setting you desire. Selected setting will show on the home screen.

Back Mechanism Massage Width:
Press WIDTH from MANUAL display, press RIGHT button then press UP or DOWN button to navigate among: Width, Medium and Narrow mechanism roller width. Press OK button to enter the setting you desire. Selected width will show on the home screen.

Mechanism Massage Speed:
Press Speed from MANUAL display, press RIGHT button then press UP or DOWN button to navigate among: level 1, 2, 3, 4, 5, 6 Mechanism massage intensity. Press OK button to enter the intensity level you desire.

Roller:
Press ROLLER from MANUAL display, press RIGHT button then press UP or DOWN button to navigate among: foot roller speed level 1, 2, 3, or OFF (deactivate foot roller mechanism). Press OK button to enter the speed level you desire.

Zero Gravity:
Press Zero Gravity from MANUAL display, press RIGHT button then press UP or DOWN button to activate or deactivate Zero Gravity. Press OK button to enter the setting you desire.

PRELIMINARY CHECKS

Step 5: Other Accessories

- Connect the power cable to the product power socket located at the power box of the product. (Check below illustration for reference)
- Switch ON the power by the lower outer side of the right armrest, raise the backrest of the product to fully upright position.

- After the installation of all accessories, plug the power cord into a well grounded three cord socket, switch on the power, use the controller to start the operation (check above illustration).

3D Massage

Press 3D Massage from MANUAL display, press OK button to enter 3D Massage display, then press UP or DOWN button to navigate among: Mode-3 pre-set 3D Massage programs (deep shiatsu, healthy breath and massage extend), FORCE-3D protruding intensity and PART-3D massage part. Press OK button to enter the setting you desire.

Deep Shiatsu Massage: 10 minutes pre-set deep shiatsu massage mainly performs massage on the back;
Healthy Breath: This 5 minutes pre-set deep healthy breath massage allows user to inhale and exhale with the rhythm of mechanism motion to improve the user’s state of wellness;
Massage Extend: 5 minutes pre-set extension massage;
Force-3D protruding intensity: While MANUAL massage program is running, press this button to navigate among level 1, 2, 3, 4, 5 to change the 3D protruding intensity;
Part-3D massage part: Press PART from 3D Massage display, press RIGHT button then press UP or DOWN button to navigate among: Whole, Partial and point massage zones. Press OK button to enter the setting you desire.

Airbags

Press AIRBAG from MENU display to show the AIRBAG display, press RIGHT button then press UP or DOWN button to navigate between: PART-Air pressure region and Force-Air pressure intensity. Press OK button to enter the setting you desire.
NAME AND FUNCTION OF EACH COMPONENTS

Part—Air pressure region:
Press PART from AIRBAG display, press RIGHT button then press UP or DOWN button to navigate among: Full, Arm&Shoulder, Back&Waist, Leg&Foot, Buttock airbag positions. Press OK button to enter the airbag position you desire.

Force—Air pressure intensity:
Press FORCE from AIRBAG display, press RIGHT button then press UP or DOWN button to navigate among: level 1, 2, 3, 4, 5 airbag intensity, or OFF (deactivate airbag intensity function). Press OK button to enter the airbag setting you desire.

Heat—Back&Knee Heat
Press HEAT from MENU to show available heat position: Back, Legs. Press RIGHT button then press UP or DOWN button to navigate among: 1, 2, 3 heat level, or OFF (deactivate heat function). Press OK button to enter the heat setting you desire.

Settings
Press SETTING from MANUAL display, press OK button to enter SETTING display. Then press UP or DOWN button to navigate among: TIME, LANGUAGE, BLUETOOTH. Press OK button to enter the setting you desire.

Time:
Press TIME from SETTING to show available timer: 10min, 20min, 30min. Press RIGHT button then press UP or DOWN button to navigate, press OK button to enter the timer you desire.

Language:
Press LANGUAGE from SETTING to show available language: 中文, EN. Press RIGHT button then press UP or DOWN button to navigate, press OK button to enter the language you desire.

Bluetooth:
From BLUETOOTH, press RIGHT button then press UP or DOWN button to activate or deactivate Bluetooth function. Press OK button to enter the setting you desire.

Notes: All Settings listed above will be memorized and no need to set again with power failure.

PRELIMINARY CHECKS

Connect the legrest unit with the Coupling Shaft, fit the DK Circlip to the end of the shaft and lock it (check the illustration below).

Raise the Legrest unit, thread the Air Hoses into the Air Nozzle, and fit the Air Valve plug into the Air Valve Port which located at the face side of seat base, make sure they are well secured. (check the illustration below).

Part—Air pressure region:
Press PART from AIRBAG display, press RIGHT button then press UP or DOWN button to navigate among: Full, Arm&Shoulder, Back&Waist, Leg&Foot, Buttock airbag positions. Press OK button to enter the airbag position you desire.

Force—Air pressure intensity:
Press FORCE from AIRBAG display, press RIGHT button then press UP or DOWN button to navigate among: level 1, 2, 3, 4, 5 airbag intensity, or OFF (deactivate airbag intensity function). Press OK button to enter the airbag setting you desire.

Heat—Back&Knee Heat
Press HEAT from MENU to show available heat position: Back, Legs. Press RIGHT button then press UP or DOWN button to navigate among: 1, 2, 3 heat level, or OFF (deactivate heat function). Press OK button to enter the heat setting you desire.

Settings
Press SETTING from MANUAL display, press OK button to enter SETTING display. Then press UP or DOWN button to navigate among: TIME, LANGUAGE, BLUETOOTH. Press OK button to enter the setting you desire.

Time:
Press TIME from SETTING to show available timer: 10min, 20min, 30min. Press RIGHT button then press UP or DOWN button to navigate, press OK button to enter the timer you desire.

Language:
Press LANGUAGE from SETTING to show available language: 中文, EN. Press RIGHT button then press UP or DOWN button to navigate, press OK button to enter the language you desire.

Bluetooth:
From BLUETOOTH, press RIGHT button then press UP or DOWN button to activate or deactivate Bluetooth function. Press OK button to enter the setting you desire.

Notes: All Settings listed above will be memorized and no need to set again with power failure.
**PRELIMINARY CHECKS**

**Step 3: Install The Legrest Unit**
- Lift the Legrest Massage Unit, fit the Hook of the Legrest unit into the Coupling Shaft located at the Seat base (Keep the hook leveled with the coupling shaft), connect one side first then the other.

**NAME AND FUNCTION OF EACH COMPONENTS**

**Tips:**
1. In the process of Auto or Manual Setting, LCD screen will auto revert back to the homescreen after 10 seconds if there is no operation entered into the remote control.

**TIPS**
- While appliance is running, press twice MENU button to revert to homescreen.
- Under the homescreen display, press LEFT or RIGHT button to adjust the airbag intensity (works in the process of both Auto and Manual program); press UP or DOWN button to adjust the massage intensity (only works in the process of Manual program).
- Press Auto button to select auto massage program.

2. Mechanism will detect shoulder position before running of Auto Program for the first time (check the right illustration), it will start to run the desired auto program right after the completion of detecting.

**CAUTION**
- Do not disassemble this product yourself to avoid product failure.
- Make sure no water or other liquid enters into the controller to avoid fault.
- Do not pinch or squeeze the controller or power cord.
3. A press on the Power button will end the Auto Program and reset the massage chair.

Control Panel Of The Armrest
► Power/Auto Program button: Press this button to start the chair when connected with power, press this button again to start the auto program. The chair starts to run the pre-set auto wellness massage program.
► Incline: Press and hold to incline the backrest to upright position; Release the button to stop.
► Recline: Press and hold to recline the backrest; Release the button to stop.
► Timer: Set the working time for the appliance, may choose 10min, 20min or 30min.
► Heat for Back and Knee: Press to navigate among: heat level-1, level-2, level-3, off (stop heating), each press has voice announcement of current setting.
► Air Pressure Intensity: Press to navigate among level-1 to level-5 and off (turn off air pressure massage function), each press has voice announcement of current setting.

Instructions on Connecting audio to the massage chair speakers via Bluetooth (Android/Apple ios)
► Select SETTING from your Tablet PC/Smart phone, press BLUETOOTH, Scan for Bluetooth devices and select RT7900. Choose RT7900 to pair, when it displays Bluetooth connected, it’s set to go.

Installation Method
Step 1: Take all massage chair units out of the cartons
► Unpack the cartons: take out all upholstery unit, accessories out of the cartons.
► Before beginning installation, please verify that all components are included (check with the packing list carefully)

Step 2: Install Armrest Unit
► Connect the Air Hose of the Seat Base unit with the Air Nozzle of the Armrest Unit; (Illustration 1)

Configuration Requirement
► Tablet PC and Smart phone must have Bluetooth function.
► Android system version need to be above 4.0.
